

Protecting Water On & Off Farms

How to follow the Farming Rules & Improve the Environment

Meeting venue **Tedburn St Mary Village Hall, Tedburn St Mary, Exeter, Devon, EX6 6EZ**

Date and time **Tuesday 19th November 2019,
10am to 1pm**

Good management of resources is essential to protect drinking waters, support soil health and benefit farm wildlife. Making sure you have efficient and sustainable water management practices will help your business and ensure the future health of our farmed environment.

At this event you will hear from Ross Cherrington of the Farming Advice Service, and Becky Hughes from CFE & FWAG South West, about:

- How farming can affect water quality for bathing, drinking and shellfish production
- What you need to be doing to follow the EA's Farming Rules for Water, and meet NVZ regulations
- How to help wildlife and reduce flood risk through land management and habitat creation

Booking is essential for this free event. To book call 01823 660684 /email info@fwagsw.org.uk or you can book via the FWAG SW website by clicking on the 'Events and Workshop' dropdown under the 'What's on' tab (click on the event page and follow the booking instructions).

As a light lunch will be provided, please advise of dietary requirements upon booking.
